CISCO
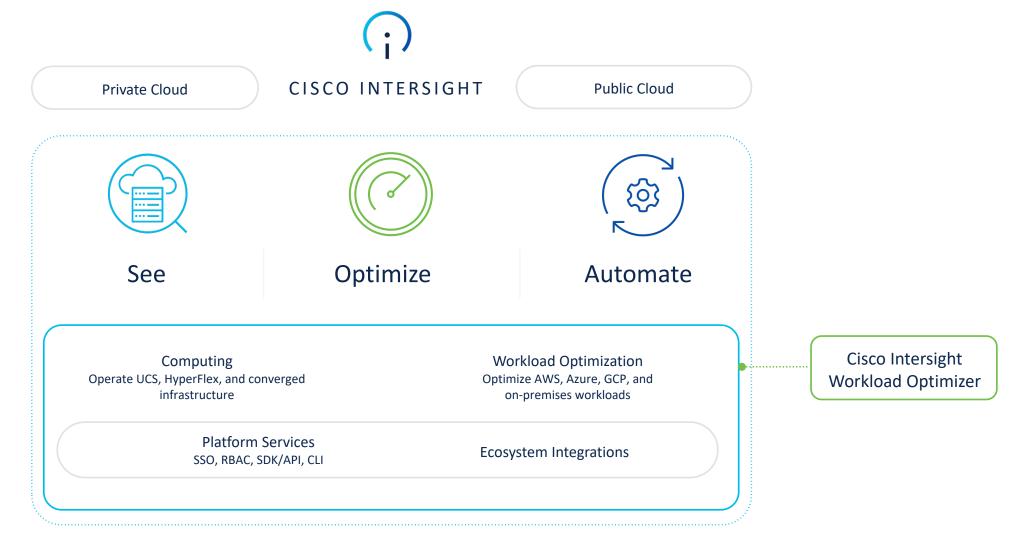

Intersight Workload Optimizer

Quick review

Rusty Buzhardt

Technical Solutions Architect

IT operations. Simplified.

CISCO INTERSIGHT

Private Cloud   Public Cloud

See	Optimize	Automate

Computing
Operate UCS, HyperFlex, and converged infrastructure

Workload Optimization
Optimize AWS, Azure, GCP, and on-premises workloads

Platform Services
SSO, RBAC, SDK/API, CLI

Ecosystem Integrations

Cisco Intersight Workload Optimizer

Previous IWO Session: https://register.gotowebinar.com/recording/350741503554 0180060

Example: Optimize public cloud resources

On AWS, Azure, and GCP

- Necessary investment spend
- Recommended actions
- Potential savings
- Reserved instance coverage
- Estimated cost breakdown (compute, storage, license)
- Workload cost breakdown
- Cloud tier breakdown
