FlexPod Webinar Series
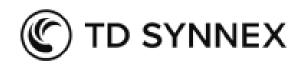

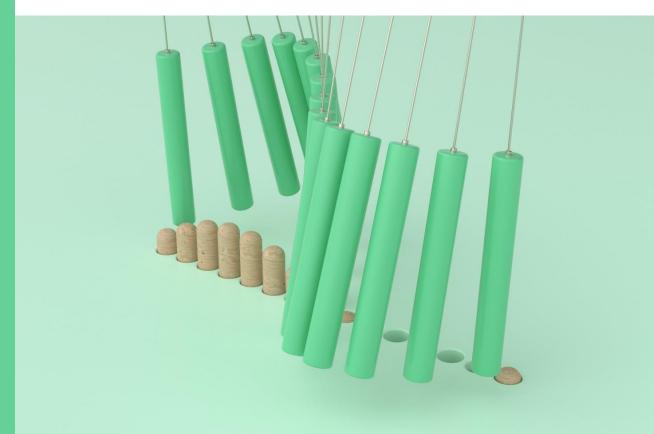

NetApp Insight 2023

Nov 2023

NetApp Announcment highlights

https://www.netapp.com/blog/data-storage-innovation-insight-2023/

- ASA C-Series Announced
  - 9999.99 Availability Guarantee
  - 4:1 Efficiency Guarantee
  - NetApp AI verified

- Google Cloud NetApp Volumes

- Ransomware Recoverability Guarantee

- Ransomware Recovery Assurance service

- Generative AI for Vertex AI on Google Cloud NetApp Volumes

- Cross-protocol AI data pipelines on Amazon FSx for NetApp ONTAP.
  - FSx for ONTAP now supports SageMaker Studio notebooks, as well as Kafka and Spark, by using either NFS or S3 protocols.

NetApp Insight – VMware Sessions

By date

Technical Solution Sessions	
Mon, Oct 23	
[1373-2]	NetApp and VMware–Your guide to the latest innovations
[1185-2]	Realize enterprise scale with Azure NetApp Files for Azure VMware Solution
[1084-2]	vSphere virtual volumes unleashed with VMware and NetApp
[1181-3]	NetApp BlueXP backup and recovery: advanced 3-2-1 data-protection service
Tues, Oct 24	
[1017-1]	How to stop your cloud chaos with VMware and NetApp
[1373-2]	NetApp and VMware–Your guide to the latest innovations
[1698-2]	AWS: Meet your application performance expectations in the cloud
[1377-2]	Why FlexPod is the perfect platform all for your VMware workloads
[1111-2]	Simplify Block storage for VMware with ASA & ONTAP Tools for VMware
[1342-2]	Extend, migrate, protect hybrid multi-cloud workloads with ONTAP datastores
Wed, Oct 25	
[1319-1]	Hitchhiker's Guide to NetApp business continuity and data protection galaxy
[1019-3]	Optimize operations with NetApp storage for VMware vSphere: best practices
[1606-2]	High availability and business continuity with vMSC on SMBC symmetric A/A
[1440-3]	AI for any organization with NVIDIA AI Enterprise and NetApp
